Hyvää päivää! WELCOME!

Dear Friends, Neighbors and Visitors,

The City of Lake Worth Beach is proud once again to welcome you to the Midnight Sun Festival! After several years of absence, in 2017 the city was very proud to welcome this celebration of the rich and wonderful Finnish culture back home, where it belongs, in Lake Worth Beach. You can see that history at Bryant Park today, where you can admire several statues commissioned by members of the Finnish community many years ago. Whether you live in Lake Worth Beach year-round, are here on holiday, or visiting with family and friends, please enjoy our shoreline and a weekend of international fun for the entire family. From the hilarious Wife-Carrying Contest to concerts, kids' activities and fabulous delicacies from Finland and around the world, you're sure to find something for everyone! I look forward to seeing you all.

Warmest Regards,

Mayor Pam

Me leivomme myös ruisleivät, limput, pullat ja pitkot perinteisellä pohjoismaisella ammattitaidolla. Hemmottele itesäsi kuin kotimaassa konsanaan.

Wife Carrying Contest History

At the 2018 Winter Olympic Games in South Korea, Katie Couric talked about Finland's history of Wife Carrying competitions.

2017 winners Mischa Freystaetter and Rie Takano

According to the ancient legend, in the 1800's, amidst the dense green forests and clear blue lakes in Finland, a small band of men hid in the early evening shadows outside a small village, ready to obey their leader's command. Through the tree branches the men could see the beautiful daughter of the mayor, walking calmly in the town. The leader of the men was a well-known rogue called Ronkainen, who had decided to take the girl back to his own village as his wife.

Handsome, long-haired Ronkainen was head over heels in love with the mayor's daughter, and she with him, but her father refused to give his consent. The two lovers jointly decided that the only way they could be together was if her disappearance were to be staged. The plan was that Ronkainen would kidnap the girl on his shoulders, run through the forest, ford a fast-moving stream, and disappear into the darkening night.

The tradition started by Ronkainen continues at the
